

It is bring to notice that a number of farmers and entrepreneurs are interested in the area of cultivation and product development of *Aloe* species and several telephones/emails are received. In response of interest of farmers and to promote the entrepreneurs on cultivation and product development of *Aloe* species, we have planned/designed a 3 days training to farmers and entrepreneurs.

- **Title:** Handhold Training on *Aloe* species Cultivation and its Products Processing for Farmers & Entrepreneurs.
- **Objective:** To promote the cultivation of *Aloe* species on degraded sodic wastelands and to build up the entrepreneurship through development of value added products
- **Fees structure:** Rs. 2000/- (Farmers) and Rs. 6000/- (Entrepreneurs). Lodging and fooding is included in the fee. Two days stay of trainees is arranged in NBRI guest house, Gokhale Marg, Lucknow.
- **Duration & Date:** 3 days (22-24 May 2017).
- **Venue:** Conference Hall, Genetic Block, CSIR-NBRI
- **Coordinator:** T S Rahi, Principal Scientist.
